

Business Card Management

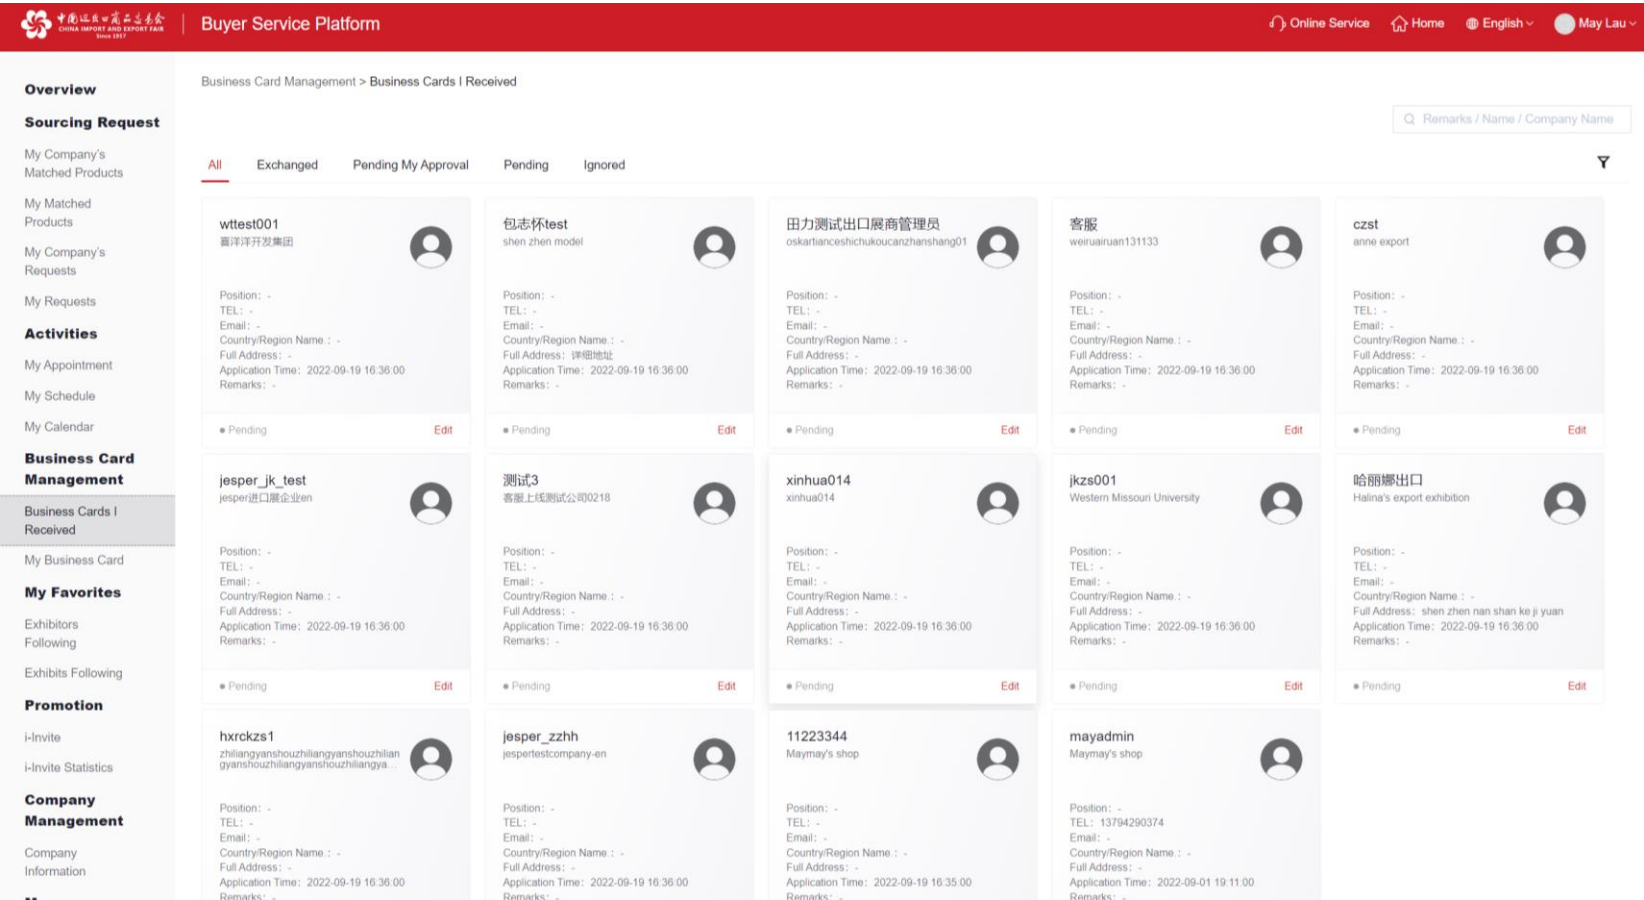

Introduction: Each buyer can generate digital business card to send to exhibitors. Business cards received and generated can be managed separately.

Manage Business Cards

Click "My Business Card" on the left sidebar of your Buyer Service Platform to view and edit your business card. Once your card information is updated, the information on the sent cards will be updated synchronously.

Click "Business Cards I Received" on the left sidebar to view and manage the business cards that have been sent to you.

Buyer company admins can click "Business Cards I Received" on the left sidebar to view the business cards of all staff accounts.

Send Business Card

1. When sending instant messages to an exhibitor, you can click the business card icon at the bottom-left corner to send your business card.

2. Go to your Buyer Service Platform and click "Privacy Setting" under "My Sourcing Requests" on the left sidebar. Choose you permit or not permit the system to send your business card to exhibitors each time you collect your favorite exhibitors, favorite exhibits or enter the living room.
